

Intervention By AMCS/RDOS
In The 2017 Fortis Electricity Rate Design Application

November 12, 2018

On November 7th, the AMCS-RDOS submitted its final argument to the 2017 Fortis Rate Application. It can be viewed on the BCUC website https://www.bcuc.com/Documents/Arguments/2018/DOC_52798_2018-11-07-AMCS-RDOS-FinalArgument.pdf

Other interveners also submitted final arguments but none seemed to be supportive of our position despite the substantial evidence that we filed earlier in the proceedings. Fortis will reply to the arguments on November 22nd and then the BCUC will make its decision before the end of the year.
